NEWS_API

FGI
p8006

FGI_API

Iterate with re-
querying X times

agentsearch()

REASON(ASI1)
p8007

ASI1_API

need to improve reasoning
(query)

ethereum WETH/USDC	ethereum USDC/WETH

swapfinder
p5008

DISCOVERY

llm_swapfinder
(query)

base WETH/USDC p5012	base USDC/WETH p5013

execute

UNISWAPV2
smart contract

REWARD
sent upon request,
request sends wallet
address

AGENTVERSE_
API

polygon POL/USDC	polygon USDC/POL

REWARD agent first receives fees at the start then checks that agent paid, releases the reward to user agent

TOKEN
smart contract

dashboard
p5009

CRYPTO_API
TOKEN/USDC

EMAIL
p8010

send email confirmation of the transaction?
confirmation of transaction with transaction hash, amount, sent FROM and TO, units

HEARTBEAT
p8011

receive data from your heart beat to determine that your decisions are not emotional
